

TERMS AND CONDITIONS

This Agreement outlines the terms and conditions governing the services provided by AC Tech Repair PH ("we," "our," or "the Company"). By proceeding with and confirming AC Tech Repair's services and support, you ("the Customer" or "you") agree to be bound by these Terms and Conditions.

1. DISCLAIMER

1.1 Service Scope

- AC Tech Repair provides diagnostics, repairs, upgrades, and technical support for computers, laptops, mobile devices, gaming consoles, drones, and other electronics.
- Customers must disclose any prior repairs, modifications, or attempts at self-repair before service.
- Devices with missing screws, replaced parts, or evidence of tampering may have hidden complications.
- Services are performed strictly within the scope of the reported issue and confirmed job order.

1.2 Free Diagnosis

- Our free diagnostic covers only the problem reported by the customer.
- Any additional issues discovered will require separate approval and may incur extra costs.
- Devices with intermittent faults may require extended testing, which is not part of a basic free diagnosis.

1.3 Irreparable Devices

Some devices are beyond repair due to:

- Severe liquid/physical damage
- Shorted or burned logic boards
- Lack of available parts (obsolete or discontinued models)

In such cases, AC Tech Repair may refuse service or recommend replacement.

1.4 Repair Timeframes

- Repair times depend on complexity, part availability, and shipping timelines.
- Delays may occur due to supplier shortages, customs processing (for imported parts), or extended troubleshooting.
- No guaranteed turnaround time is offered, though estimates are provided in good faith.

1.5 Data Backup

- Customers are solely responsible for backing up their data.
- Repairs may involve reformatting, part replacements, or board-level work that can erase files.
- AC Tech Repair is not liable for any lost data, photos, contacts, or applications.

1.6 Software Licensing

- We are not responsible for licensing issues with operating systems or applications.
- Certain repairs (e.g., logic board replacements) may trigger reactivation requests.
- Customers must provide their own valid licenses.

1.7 Hidden Defects

- We are not liable for undisclosed or hidden defects unrelated to the reported issue.
- For devices with no power, liquid exposure, or heavy physical damage (bent frames, cracked boards, broken casings), additional faults may only become visible once the unit powers up.
- Such new defects may require further repairs and charges.

1.8 Warranty Impact

Manufacturer or third-party warranties may be voided by:

- Third-party part installation
- Board-level repairs
- Unauthorized dismantling before service
- Customers should confirm warranty implications before authorizing repairs.

1.9 Hardware vs. Software

- Hardware repair fees cover only physical parts and labor.
- Software issues (malware, OS corruption, app crashes) are separate and billed individually.
- Replaced hardware may not be recognized as genuine due to manufacturer restrictions.

1.10 Functional Limitations

- Certain repairs may permanently disable features:
- Face ID or Touch ID (after screen/home button replacement)
- Pen input accuracy on iPads (due to pen sensor calibration)

- Water resistance after device opening
- AC Tech Repair cannot guarantee full restoration of such features.

1.11 Device Preparation

Customers must prepare their devices by:

- Removing SIM cards, passwords, iCloud/Google locks
- Backing up sensitive data
- Removing accessories (cases, tempered glass, skins, stickers)
- We are not liable for any data breaches, leaks, or unauthorized access if devices are handed over with accounts and personal files intact.

1.12 Confidentiality

Our technicians follow strict confidentiality standards. However:

- Customers must remove sensitive files (financial, personal, or confidential data).
- AC Tech Repair is not liable for misuse of data left behind on the device.

1.13 Logic Board Repairs

- Logic board repairs are done on a best-effort basis.
- No guaranteed success rate due to the complexity of micro-soldering.
- Replacement or transplant may be necessary if repair is not possible.
- Timelines are estimates only and may extend depending on part sourcing and board condition.
- If unrepairable, no service fees will be charged. We may offer logic board replacements if available.
- Data retrieval is not guaranteed

1.14 Non-Genuine Parts Warnings

After repairs, devices may display warnings such as:

- "Unknown Part"
- "Cannot Verify as Genuine"

These are system-level notifications beyond our control.

1.15 Accessory Damage

- Cases, tempered glass, skins, or stickers may be damaged during disassembly.
- Customers are advised to remove them before submitting the device.

1.16 Screen Rubber Linings

- Laptop screen replacements (especially older MacBook Pros) may affect rubber linings if brittle.
- Customers acknowledge this risk prior to Service.

1.17 Prior Repairs / Third-Party Service

- Customers must inform AC Tech Repair of all prior repairs.
- Any prior or future third-party servicing voids our warranty.
- We are not responsible for existing or compounded issues caused by unauthorized work.

1.18 LCD Replacement & Microdust

- During LCD replacement, microdust particles may appear due to degraded rubber seals or internal debris. This is unavoidable in older units.
- LCD replacements do not include the backlight strip unless specifically quoted and approved. Backlight strip replacements are billed separately.

1.19 Airpod Repairs

- During this process, there may be very minor cosmetic changes such as tiny scratches or small dents on the underside. These are purely aesthetic, very minimal, and do not affect sound quality, charging, connectivity, or overall function.

1.20 Consent for Marketing

- By using our service, you permit AC Tech Repair to use non-identifiable images or videos of your device for documentation, training, or marketing purposes.

2. BILLING & PAYMENT TERMS

2.1 Repair Costs

- Estimates are based on initial diagnosis but may change after complete inspection.
- Customers will be informed and have the option to approve adjustments.

2.2 Payment Terms

- Full payment is required before device release.
- Accepted payment methods: cash, credit card, debit card, GCash, bank transfer, or other approved channels.
- Credit card payments are subject to transaction fees, which will be shouldered by the customer.

- Installment payments (if available) are subject to additional finance/interest charges or bank installment fees, which will also be shouldered by the customer.

2.3 Unclaimed Devices

- Devices left unclaimed for 60 days become AC Tech Repair property.
- Day 1 starts on the date of diagnostic reporting.

2.4 Taxes

- All quotations are exclusive of tax.
- A 12% VAT will be added to the final invoice.

2.5 Urgent Repair Surcharge

- A 10% surcharge applies for rush or urgent repairs.

2.6 Parts Pre-Order

- A 50% down payment is required for advanced ordering of parts.

3. REPAIRS & SERVICE WARRANTY

3.1 Warranty Coverage

- General Repairs: 3–6 months (depending on service type and parts availability)
- Screens, Glass, Vinyl, Back Cases: 45 days
- Liquid Damage Repairs: 3 months

3.2 Warranty Exclusions

The warranty provided by AC Tech Repair applies only to the specific repair or replacement performed and is subject to the following exclusions:

- Accidental or User-Induced Damage: drops, impacts, cracks, dents, water/liquid exposure, power surges, extreme heat, chemical exposure and poor user habits.
- Display-Related Issues: discoloration, green/purple/blue lines, black spots, image burn, flickering, or screen cracks caused after repair.
- Battery-Related Issues: caused by overcharging, third-party chargers, heat, or swelling.
- Unauthorized Repairs/Tampering: work done by other shops after our service.
- Software/Data Problems: bugs, malware, or data loss.
- Cosmetic Wear and Tear: scratches, fading, scuffs.
- Pre-Existing Damage: issues not part of the original repair order.
- Client refuses to share access for pre and post checking protocols prior/during/after the repair.

3.3 Liquid Damage Repairs

- Devices are inherently unstable after liquid exposure.
- Future failures (battery, display, charging, sensors) may still occur.
- Corrosion can spread even after initial repair. AC Tech Repair is not liable for recurring issues related to liquid damage.

3.4 Water Resistance

- All repaired devices lose manufacturer water resistance ratings.

3.5 Tempered Glass and Stickers

- AC Tech Repair is not responsible for these damages during service.

4. DELIVERY

- Customers using external couriers assume all risks of damage or loss.
- AC Tech Repair is not liable once the device leaves our premises.
- Delivery and pickup costs are non-refundable.
- Warranty covers the service only, not logistics.

5. DISCOUNTS & PROMOTIONS

- Senior Citizen and PWD discounts under RA 9994 and RA 10754 do not apply to electronics repair services.
- Promos or discounts may be offered but cannot be combined unless explicitly stated.

6. LIMITATION OF LIABILITY

- AC Tech Repair's liability is limited to the repair fee paid by the customer.
- We are not liable for indirect damages such as loss of business, income, or emotional distress.
- Devices are repaired at the customer's own risk, especially if already damaged or previously tampered with.
